I authorize Bono Film & Video to charge my card for the services, shipping and handling requested below. I accept all of Bono's terms, policies, and conditions. I agree that the sending of this form electronically will substitute for my signature and will constitute compliance and authorization to charge the card. I understand that the drive(s) may only be borrowed for 3 days.

Date: _____ Signature: _____

To receive a drive loaded with your NTSC best light or scene-to-scene telecine transfer converted to MAC or AVI uncompressed NTSC (Blackmagic codec) files, please designate your choices below. New drive clients must order a test drive first. Please see the Bonolabs site for instructions & the MAC or PC test drive form.

Format	Stock	Footage	# of rolls
R8 Super 8 16mm Super16 35mm			
R8 Super 8 16mm Super16 35mm			
R8 Super 8 16mm Super16 35mm			

1. Choose platform/file system

MAC (HF) QuickTime files

PC (NTFS) AVI files (for Adobe Premiere and other PC NLE applications)

2. All telecine transfers are of full rolls only and will be best light transfers unless you choose unsupervised scene-to-scene color correction below. All film will be prepped and cleaned at \$.08 per foot.

I am requesting scene-to-scene color correction for the rolls submitted above. I understand that the charges are based on actual labor time and have read and agree to the stipulations posted regarding scene-to-scene. Your signature: _____

3. Choose telecine speed

NTSC 24 fps (8-bit uncompressed): 24fps corresponds to telecine speed with 3:2 pulldown

NTSC 30 fps (8-bit uncompressed): 30fps corresponds to telecine speed with NO 3:2 pulldown

4. Select Option for drive

USB 2.0 mini drive (deposit value: \$300)

USB 2.0 & Firewire 400 drive (deposit value: \$300)

Notes/instructions:
